Issues:

1. **Obstacles:**

- Time (regarding teaching working load and research working load)
- Funds available.

2. **Research output:**

- Publishing
- Projects
- Social Impact.

3. **Ways increasing the research:**

- Adjustment of the budget;
- Rewarding;
- Strengthening partnership;
- Time management;
- Funding;
- Infrastructure.

4. **Indicators:**

- Publication with impact factor and number of citation;
- MA and PhD thesis supervision;
- Number of projects applied and implemented;
- Scientific Conferences.

5. **Research Environment:**

- Recognition of capacities of eventual partner's institutions;
- Increase the access to international online libraries.

6. **Incentives:**

- Rewarding;
- Flexibility between teaching workload and research among staff members according to the project;
- Teaching support.

7. **Funding:**

- Projects oriented towards bussiness market demand;
- Specific budget for research.
